

## Prestige Classes of Harqual

Any prestige class marked with an asterisk (\*) is a restricted prestige class. A prestige class marked with a double asterisk (\*\*) is an epic prestige class.

### Standard Prestige Classes

This list of prestige classes are those that are typical for a Lands of Harqual campaign from the “General List of Prestige Classes” Open Office document. The list is divided by rarity: Common, Uncommon, Rare, and Very Rare. If a prestige class from the general list doesn't appear below, it is considered atypical for the Lands of Harqual. Any character with that prestige class is considered unique for the continent, but the option isn't 100% forbidden. Any prestige class in italics is from a d20 System/OGL sourcebook. (There is a list of forbidden prestige classes for the Lands of Harqual at the end of this document.)
